SUMMARY

Professional Java developer with 4+ years of experience building client-server web applications. Aspires to join Scaler as a Senior Java Developer to help design game-changing e-commerce solutions and to improve problem-solving skills. Decreased startup times for Java-powered applications by 70% in previous roles. Possesses unmatched coding skills and testing expertise to deliver client-specific software.

TECHNICAL SKILLS

- Languages: Java, Node.js, Bootstrap, JavaScript, SQL, Python
- Frameworks: Spring Boot, Spring Data JPA, Hibernate, J2EE, Spring, JSF, Apache Struts
- Web & APIs: REST API, Microservices, SOAP, Servlets, HTML, CSS, jQuery, PHP
- Databases & Cloud: PostgreSQL, MySQL, Redis, AWS, Docker, Kubernetes
- DevOps & Tools: Git, Maven, Jenkins CI/CD, Eclipse, WebLogic, JVM Performance Tuning

PROFESSIONAL EXPERIENCE

Senior Java Developer

InterviewBit | Bangalore | August 2020 - Present

- Designed software solutions by analyzing system performance standards, resulting in 38% higher performance efficiency.
- Utilized relevant technical skills to deliver specifications, program changes, unit test scripts, and documentation.
- Supported programming changes during quality assurance, user acceptance testing, and post-implementation follow-up.
- Improved code inefficiencies, resulting in a 40% increase in app stability and reduced downtime by 27%.
- Utilized DevOps, agile principles, and Jenkins for CI/CD. Identified low-performing workflows by writing automated scripts.
- Tutored and trained 10 junior Java developers in the development of enterprise applications using J2EE and Spring Boot.

ACHIEVEMENTS

- Improved overall application throughput and performance by 30%.
- Enhanced code quality and reduced production downtime by 27%.
- 2 times selected as Employee of the Month for outstanding engineering performance.
- Trained over 10 junior engineers in developing high-scale microservices.
- Nominated as technical project lead for mission-critical payment workflows.

CERTIFICATIONS

- Building Scalable Java Microservices - Coursera Certificate
- Software Engineering Master Certification - IEEE Computer Society
- Spring Professional Certification (Pivotal / VMware)
- Professional Scrum Master (PSM I)
- Oracle Certified Professional, Java SE 8 Programmer

EDUCATION

Bachelor of Science in Computer Science and Network Security

Institute of Engineering & Science, IPS Academy, Indore | 2012 - 2015

- Excelled in Cisco Networking, Distributed Systems, and Database Management.
- Member of NCC Army wing and Student Engineering Council.

Higher Secondary School (Class XII)

Army Public School, Mhow, MP | 2011 - 2012

- Graduated with 92% aggregate in Mathematics, Physics, and Chemistry.

LANGUAGES & COMMUNITY

- Languages: English (Fluent), French (Intermediate), German (Basic)
- Volunteering: Active coordinator in the Indore Student Food Relief Organization supplying food provisions to over 200 community villages.
